**JENNINGS ANDERSON FORD “TRUE BLUE”
IN SUPPORTING EDUCATION**

*Dealership extends awards
to Boerne ISD top teachers at Chamber luncheon*

Boerne, TX—Jennings Anderson Ford Dealer Scott Wilson celebrated the Boerne Independent School District’s (BISD) Teachers of the Year at the Boerne Chamber luncheon at Fair Oaks Country Club on March 10. Wilson presented to the distinguished teachers gift certificates for free car washes and oil changes at the Jennings Anderson Ford dealership, along with “reserved” parking signs. The signs, complete with the teacher’s name, will be used to mark front row, reserved parking spaces for the teachers at each campus for use throughout the school year.

“With statewide education budget cuts impacting every city, town and school district in Texas, I firmly believe when communities come together—businesses, parents, support organizations--we can make a difference for our kids and their education,” said Scott Wilson, Jennings Anderson Ford dealer principal. “We are proud to support our teachers and proud to live a community where education is a primary focus—and that our teachers are rewarded for their hard work.”

This marks the sixth year that Jennings Anderson Ford has commended BISD teachers with rewards, which are a token of gratitude for the innovative teaching methods these outstanding educators provide to children.
